W+bbbar, 4FS; no generation or analysis cuts
Radiation and bottom-pair mass

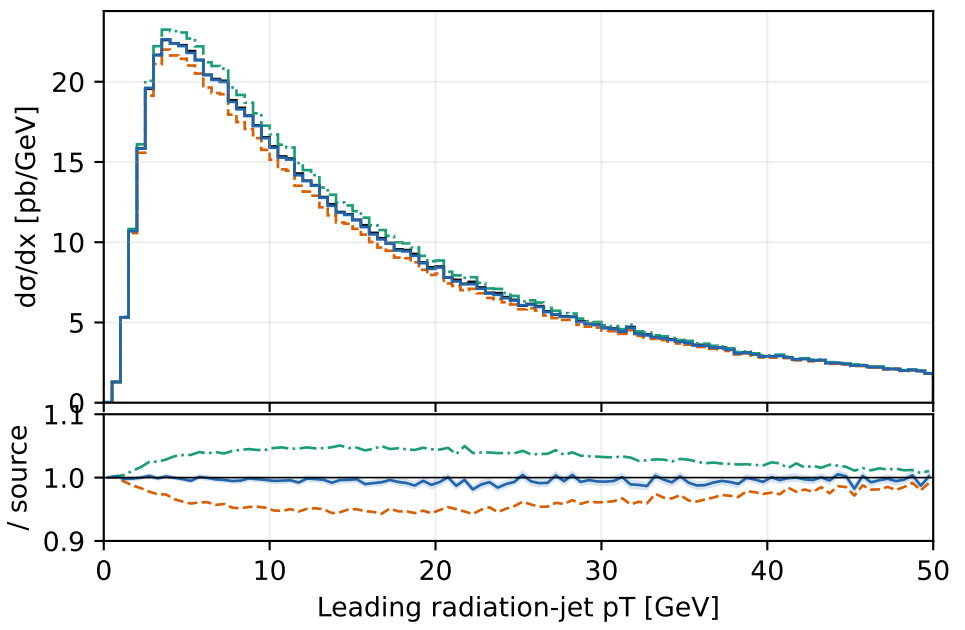

First emission

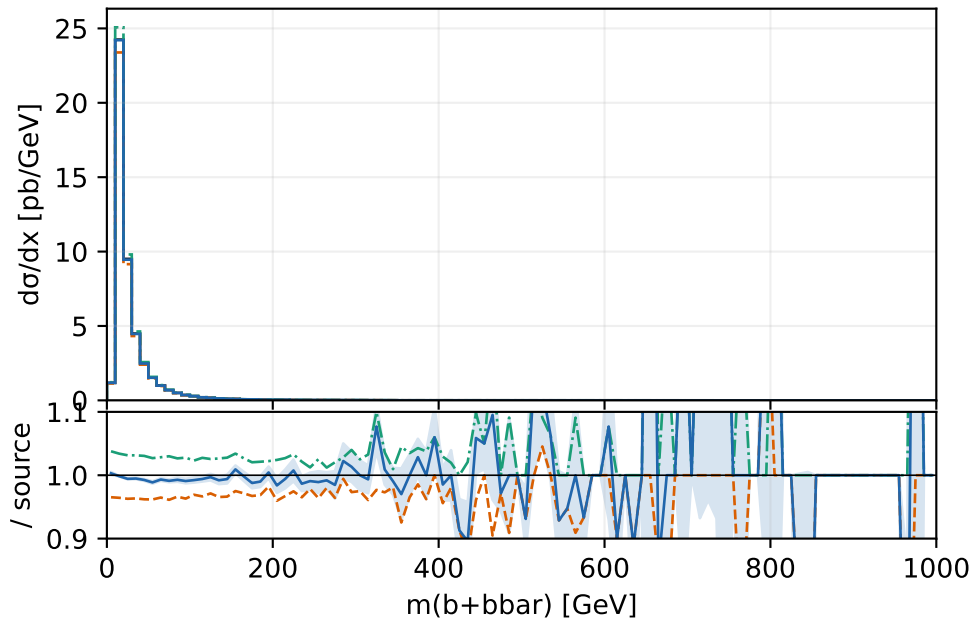

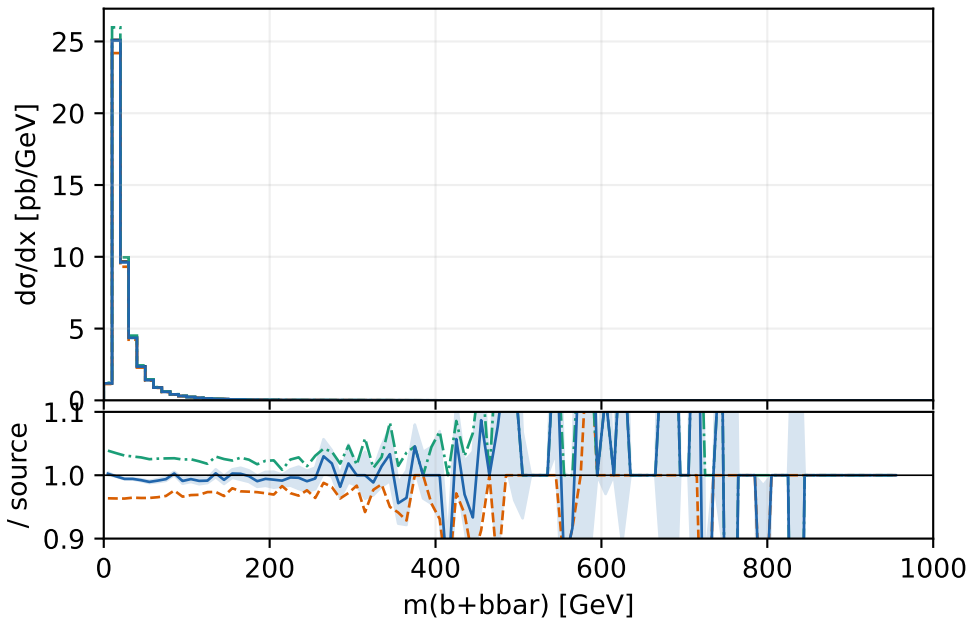

Full shower

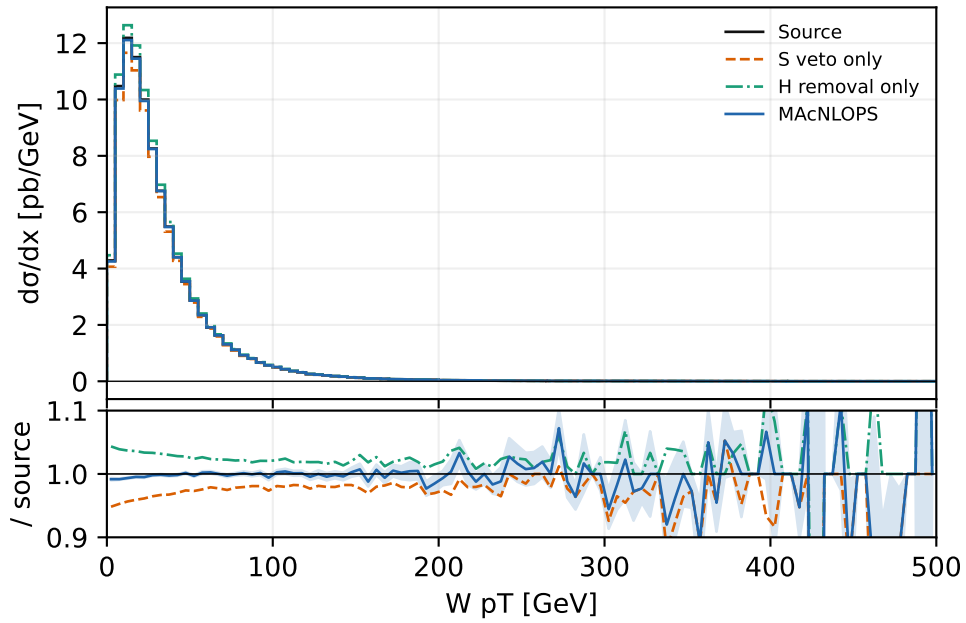

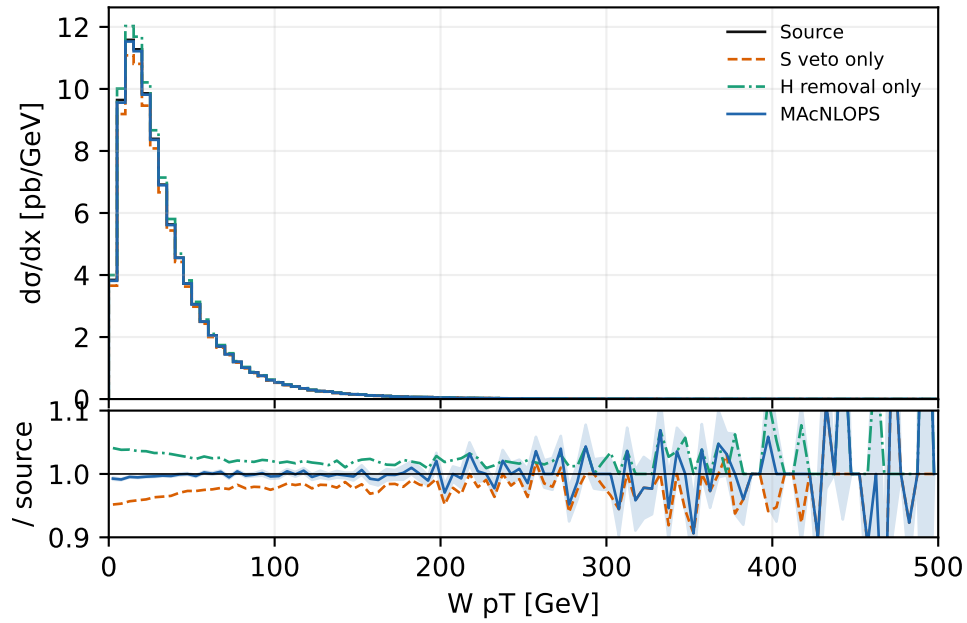

Absolute signed weights; no selection/range renormalization. Conditional sampling errors only.
Ratios displayed from 0.9 to 1.1; sparse-tail excursions outside this window are retained in comparison.json.

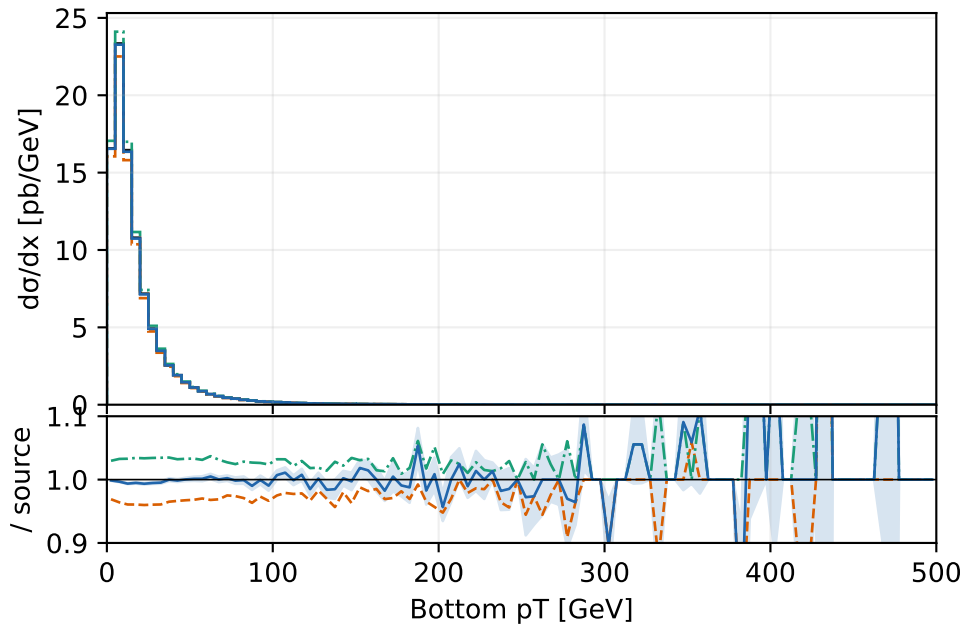

W+bbbar, 4FS; no generation or analysis cuts
Stable hard-object transverse momenta

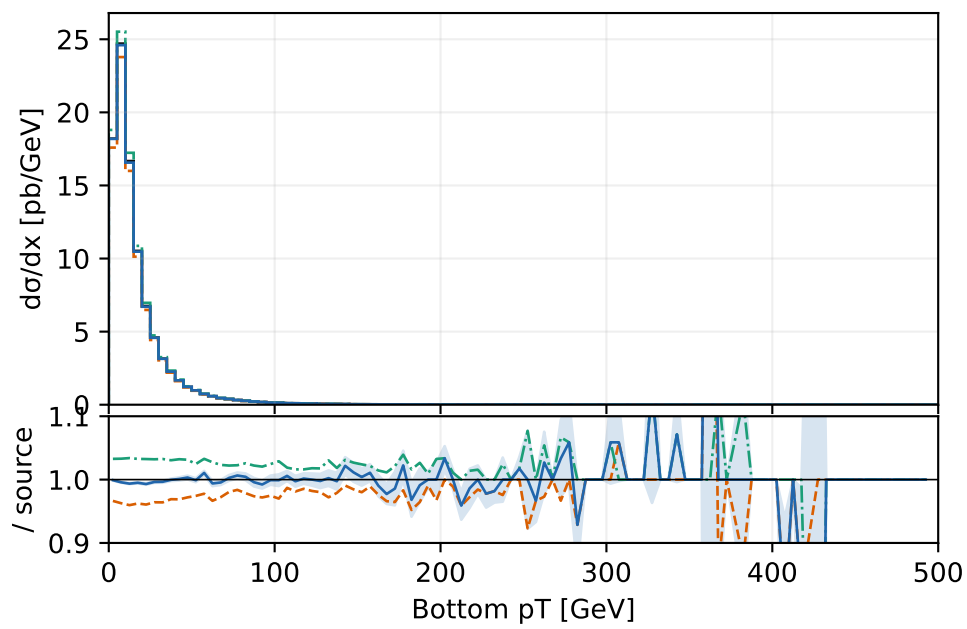

First emission

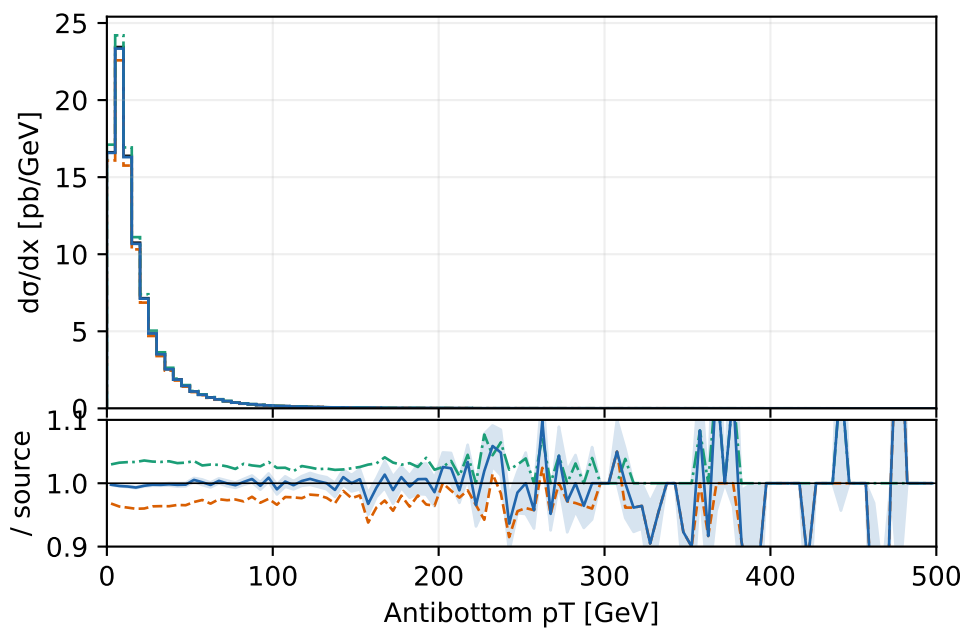

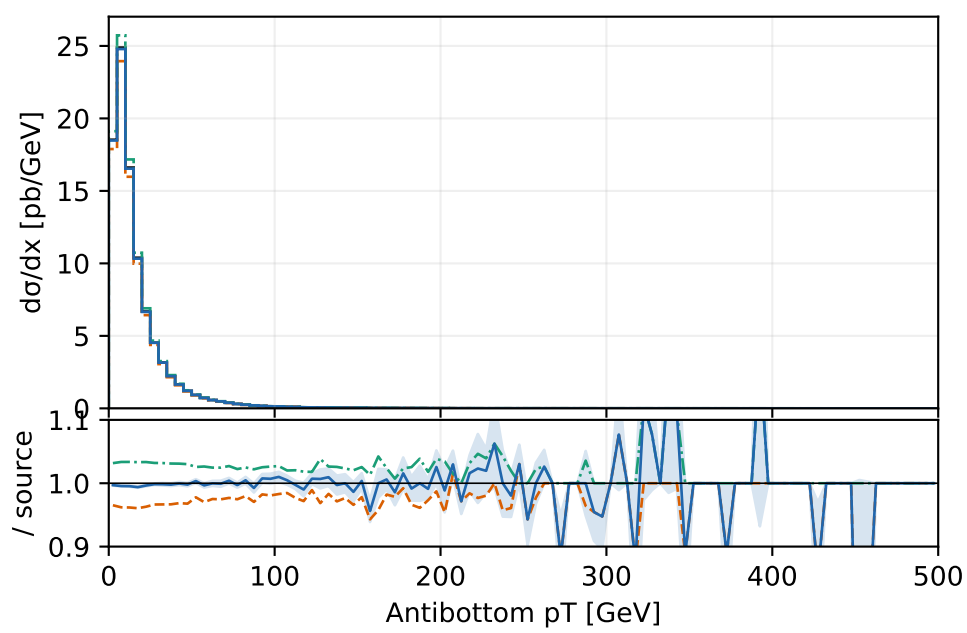

Full shower

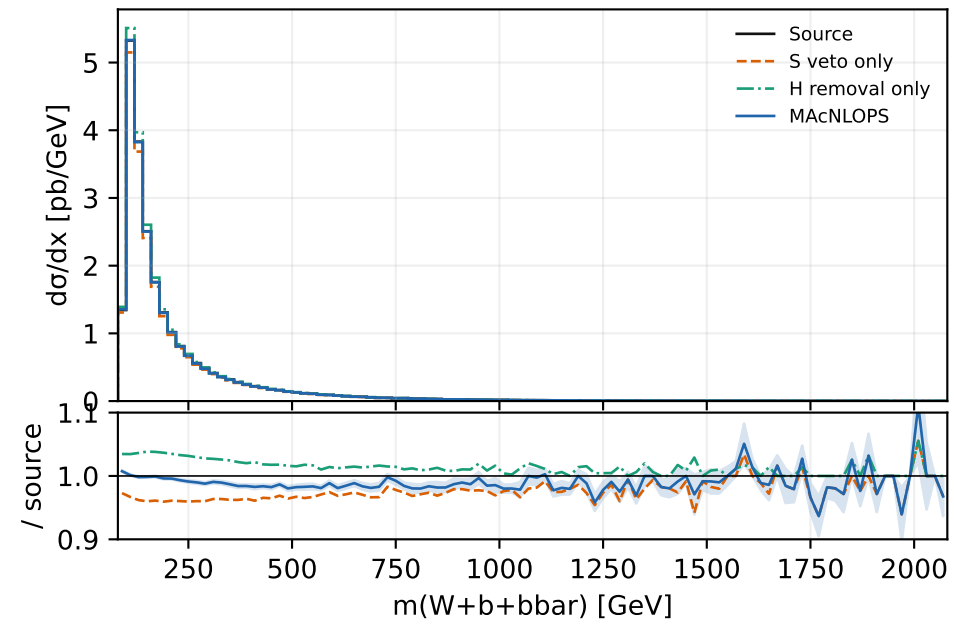

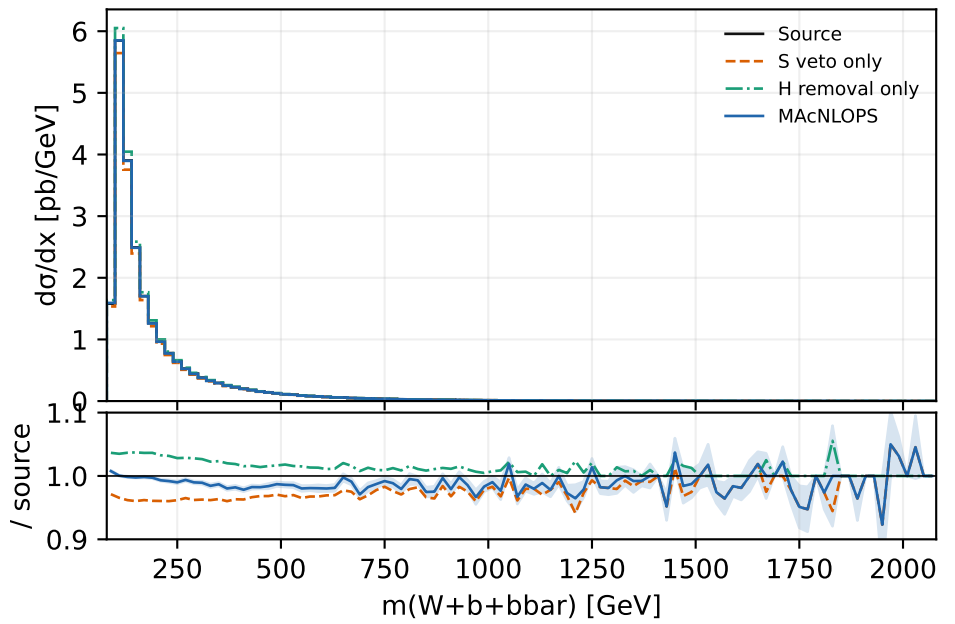

Absolute signed weights; no selection/range renormalization. Conditional sampling errors only.
Ratios displayed from 0.9 to 1.1; sparse-tail excursions outside this window are retained in comparison.json.

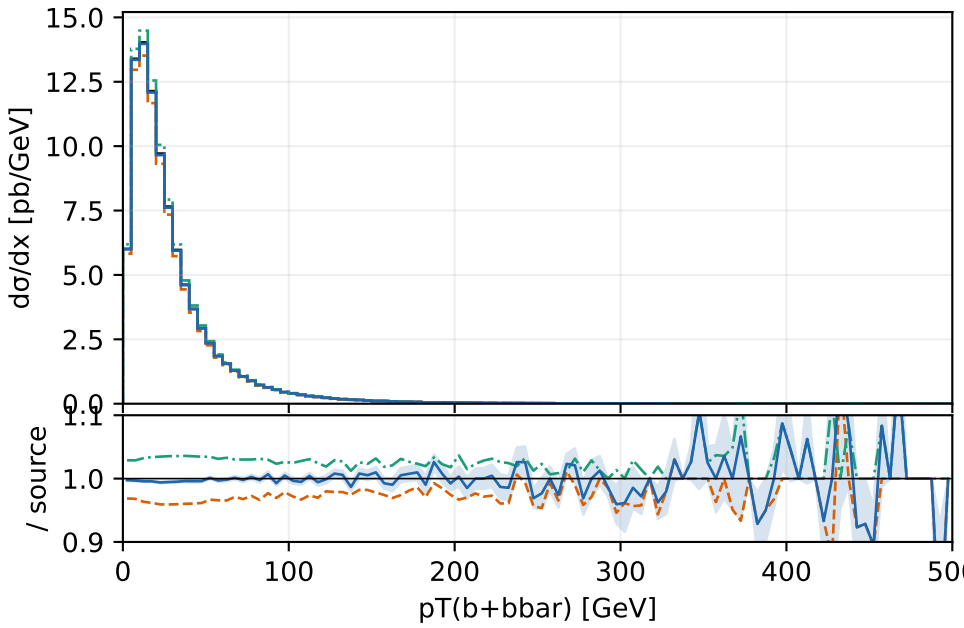

W+bbbar, 4FS; no generation or analysis cuts
System and all-parton jet controls

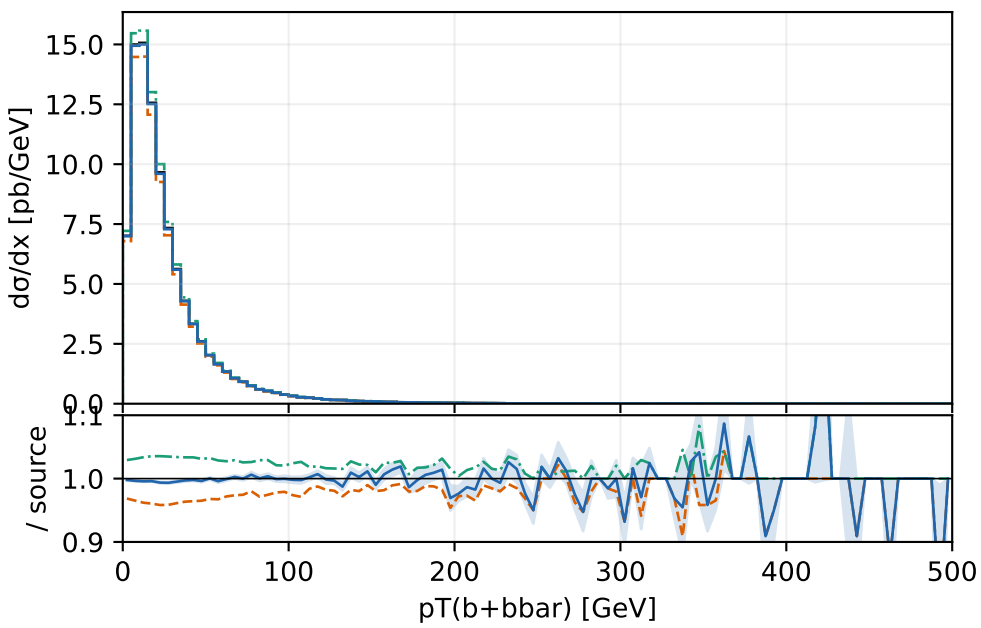

First emission

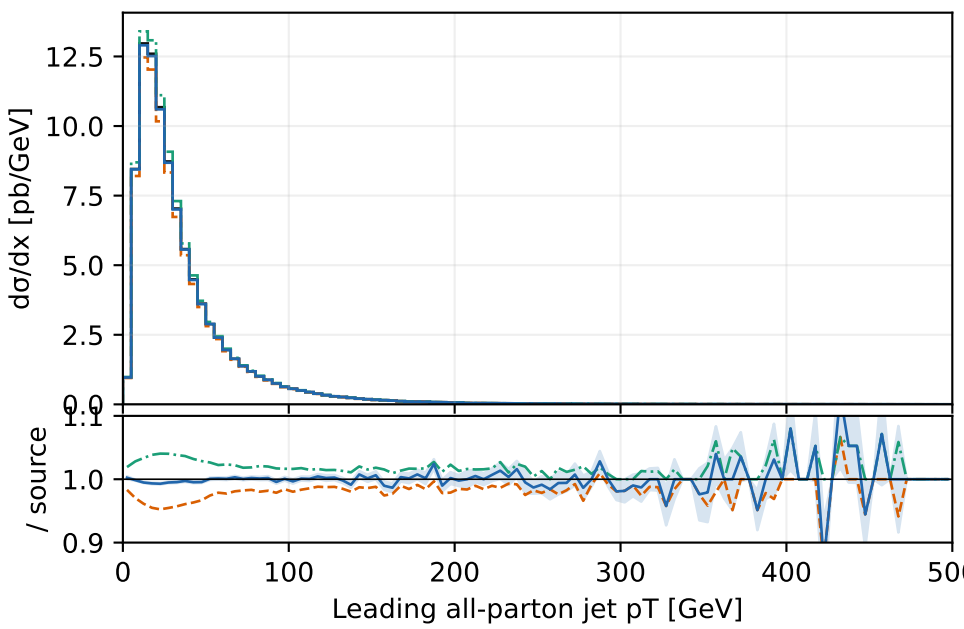

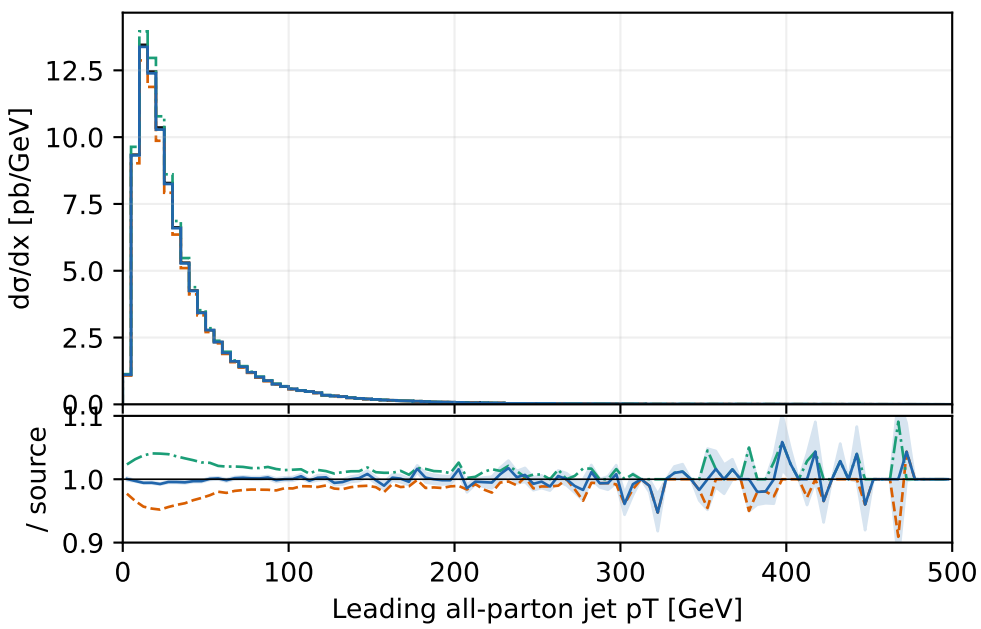

Full shower

Absolute signed weights; no selection/range renormalization. Conditional sampling errors only.
Ratios displayed from 0.9 to 1.1; sparse-tail excursions outside this window are retained in comparison.json.
